

Nalysnyky Cooking Instructions

Thaw before cooking. Preheat oven to 350 F. Place Nalysnyky in the oven to warm.

In a saucepan combine 1 1/2 cups cream, 1/2 cup butter, dill, salt and pepper. Heat until butter melts. Pour over warm Nalysnyky and bake uncovered for approximately 45 minutes. If you have extra cream sauce you can pour it over the Nalysnyky as they cook and absorb the cream.
